

High jump

NEW

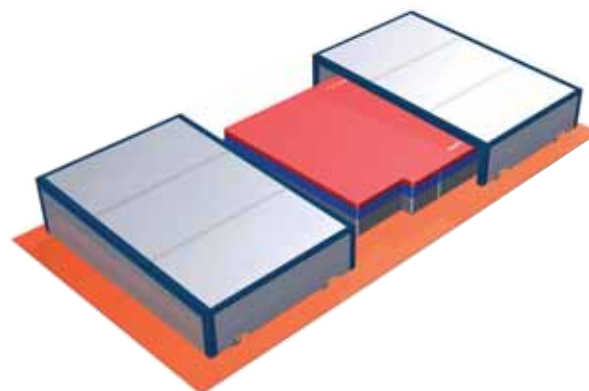

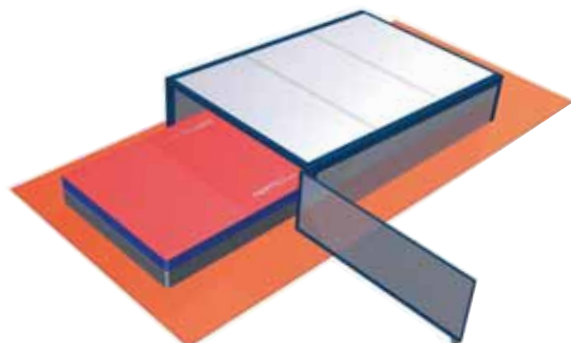

GARAGES ON REQUEST

On request. Specify dimension of the pits length, width, height..

A1850 Fixed wheels.

A1850P Pivoting wheels.

A1850L Powdering of the upper part of the filling panels.
Choice of 7 colours to be specify.

Pole vault

NEW

IMPORTANT :

Garages are available in 2 widths 5 and 6m00.

6m00 width allows you to use our articulated pole vault posts A1911B with pits of 5m00 and 5m50.

Once folded posts are in then stored into the garage.

This is not possible for garages less than 8m50 because then posts would be too long for the garage.

GARAGES ON REQUEST

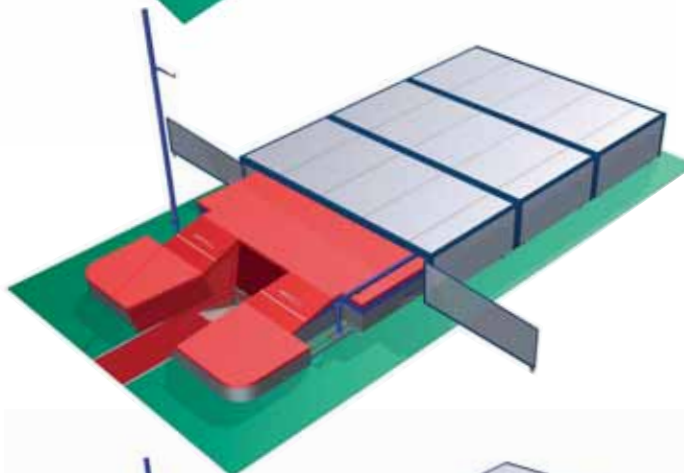

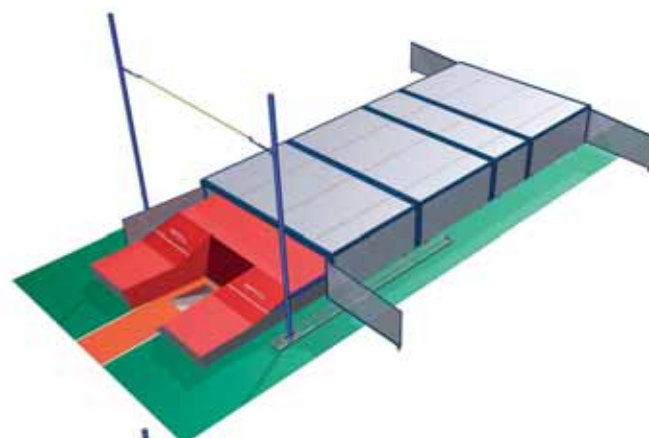

On request. Specify dimension of the pits length, width, height.
For one or 2 entries pits.

A2280 Fixed wheels.

A2280P Pivoting wheels.

A2280GA With rails.

A2280L Powdering of the upper part of the filling panels.
Choice of 7 colours to be specify.

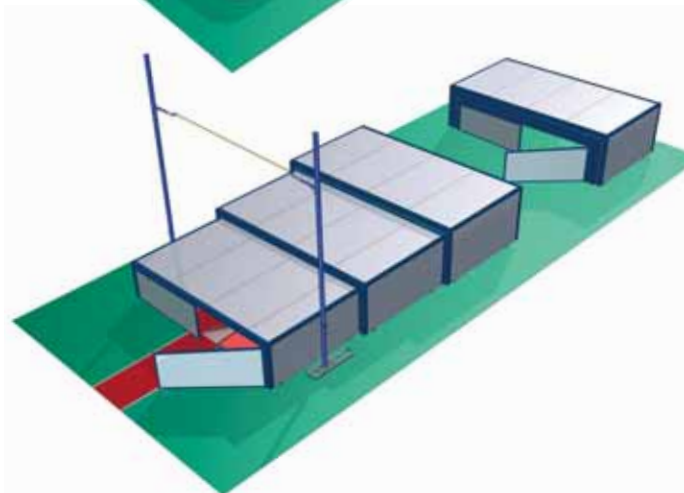

OPTION FOAM PROTECTION

Tissue Classified M2. Without integral classification.
3 colours possible Havana , Grey Blue or Violin.

TJ1310 Plates of 2m00 x 1m00.

TJ1311 The M2 (dimensions to specify).

ADVICE :

We advise you to use a bad weather cover on pits even when you already have a garage for your pit, because of the condensation, but also during a competition or a storm etc...
