

BALLAST AND TRANSPORT SYSTEM FOR MOBILE GOALS

For MARTY mobile goals allowing to use the goals without anchorages, for a perfect conformity to the decree n°2016-481 dated 18 April 2016*

NEW

* Decree n°2016-481 dated 18 April 2016 setting the security requirements to which the football cages must answer...

IMPORTANT :

- The transport of the goal is made easily in the game position without having to carry it or swing it.
- This system has been developed for a use on synthetic field. The transport on a muddy grass ground can be difficult.

Composed of :

- One rigid counterweight placed inside the rear base.
- 4 wheels diameter 260mm mounted on the metallic frames and fixed to the rear frames of the goal.
- 1 manipulation handle.

The set for 1 goal.

F8055 For SENIOR GOAL ref F8050. Including the 2 counterweights of 3m00 and the 4 wheels. For 1 goal.

F8056 For JUNIOR GOAL ref F8102. Including the 2 counterweights of 3m00 and the 4 wheels. For 1 goal.

F8057 For MINI GOAL ref F8101. Including the 2 counterweights of 2m00 and the 4 wheels. For 1 goal.

IN CONFORMITY with EN748 and SPORTS CODE
